Election/Restrictions

This application contains claims directed to more than one species of the generic invention. These species are deemed to lack unity of invention because they are not so linked as to form a single general inventive concept under PCT Rule 13.1.

The species are as follows:

- Group I Figures 2, 3, 3a, 3b, 7
- Group II Figures 4, 4a
- Group III Figures 5, 5a, 6
- Group IV Figure 8
- Group V Figure 9
- Group VI Figures 10, 10a
- Group VII Figure 11
- Group VIII Figures 12, 12a, 12b, 13
- Group IX Figure 14
- Group X Figures 15, 16
- Group XI Figure 15a, 15b
- Group XII Figure 17
- Group XIII Figures 18a, 18b, 18c
- Group XIV Figures 19-21
- Group XV Figures 22a, 22b, 22c

Figure 1 is considered to be generic to any one of the groups listed above.

Applicant is required, in reply to this action, to elect a single species to which the claims shall be restricted if no generic claim is finally held to be allowable. The reply must also identify the claims readable on the elected species, including any claims subsequently added. An argument that a claim is allowable or that all claims are generic is considered non-responsive unless accompanied by an election.

Upon the allowance of a generic claim, applicant will be entitled to consideration of claims to additional species which are written in dependent form or otherwise include all the limitations of an allowed generic claim as provided by 37 CFR 1.141. If claims are added after the election, applicant must indicate which are readable upon the elected species. MPEP § 809.02(a).

The claims are deemed to correspond to the species listed above in the following manner:

Group I	claims 8, 9, 10, 11, 12, 13-15, 17-19, 32, 35
Group II	claims 8, 10, 11, 12-15, 17-19
Group III	claims 8, 10-15, 17-19,
Group IV	claims 8, 13-15, 17,-19, 20, 21
Group V	claims 10, 11, 13-15, 20, 21
Group VI	claims 8, 9, 13-15, 32, 35
Group VII	claims 13-15, 20, 21
Group VIII	claims 8, 9, 13-15, 32, 33, 35
Group IX	claims 13-15, 20, 21, 22
Group X	claims 8, 12-15, 17-20, 28, 29
Group XI	claims 8, 13-15, 17-19, 28, 29

Art Unit: 3634

Group XII claim 33

Group XIII claims 8, 17-21, 24

Group XIV claims 16, 25, 33

Group XV claims 8, 9-11, 13-15, 17-19, 27-29, 32, 35

The following claim(s) are generic: 1-7, 23, 26, 30, 31, 34.

The species listed above do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, the species lack the same or corresponding special technical features for the following reasons: each of the groups listed above does not have the same special technical features. For example, the invention of group I has a rigid base part 13 including a hole and a seal part 7 which includes a hole. Both of said holes receives the fastener 21. The invention of group only includes a cutout that receives the fastener 21. Likewise, the invention of group 3, includes a rigid connection 49, 51 which releasably attaches the seal part 7 to the base part 13.

A telephone call was made to Pamela J. Ruschau on June 20, 2008 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include (i) an election of a species or invention to be examined even though the requirement may be traversed (37 CFR 1.143) and (ii) identification of the claims encompassing the elected invention.

The election of an invention or species may be made with or without traverse. To preserve a right to petition, the election must be made with traverse. If the reply does not distinctly and specifically point out supposed errors in the restriction requirement, the election shall be treated as an election without traverse.

Art Unit: 3634

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
